

## BMCC NEWS

Firstly a warm welcome to all members, new and old.

Our last indoor winter series for 2007 is now underway.

This will be for 13 rounds with 7 to count from 3<sup>rd</sup> February until 28<sup>th</sup> April. Please come along and have a go. We will be racing any touring car class and 1/12<sup>th</sup>.

Trophies will be available to for the Top 3 in 1/12<sup>th</sup>, Touring Car 27 turn (Junior and Senior) and 19 turn touring car if there are sufficient numbers entering.

### New Archive

We now have a new archive on the computer, which means that the heats should be sorted a little better. If you haven't raced for a while then please be patient when booking in, as you will have to provide all you details again. Please check your details are correct, such as crystals or personal transponder numbers etc.

### Mad March Fun Day

Sunday 4<sup>th</sup> march sees the return of our Mad March Fun day. This is a day of non-serious racing and proves to be a hit with all who attend. One of the most popular events last year was the caravan racing. Basically you need to build a trailer for your car, and you race with that attached! We will also have,

- Drift
- Musical Garages
- Oval
- And.....normal racing

### Outdoor Season Approaching

We are fast approaching the outdoor season and we have noticed a large number of new faces at our club meetings on Saturday nights. Firstly, your committee would like to extend a warm welcome to you all, young old or in-between! Some of you may have never been to our outdoor venue and might like to have a go round the track without there being any 'race pressure' etc. Therefore we will be opening the track to all members, experienced or not for some open practice sessions to allow you to come and try out the track, or for more experienced racers to get their car set up for the outdoor season. These sessions will be on,

Sunday April 8<sup>th</sup> 12:00 noon till 4:00 pm

Saturday April 21<sup>st</sup> 9:00am till 12:00 noon

Directions to our outdoor track are on the website.

These open practice sessions will be **free of charge!**

Should no person arrive within the first hour the track will be closed.

Also, if the weather is poor then don't expect anyone to be there!!

These sessions will be confirmed nearer the dates.

### Help Appeal

As stated above our outdoor season is fast approaching, and our race control/rostrum and track need some work. We will be organising a work party for the 10<sup>th</sup> March to start some much-needed repairs on the building and track. Please come along and help if possible. Even if you can only come and do some painting or sweeping then that will be fine. The gates to Hall park will be unlocked from 10am on the day. **Please** come and help if you can. If you have any ideas or suggestions for the club, then please tell a committee member. However, don't expect to say something and do nothing. Your help and suggestions are needed. It's your club after all, so tell us what you want!

[www.broxtowemcc.org.uk](http://www.broxtowemcc.org.uk)

For those who don't know, we have a website! Please go along and have a look. Register your email address with the site and you will receive instant notification of any updates or news etc. It's there for you so please use it!

### The On Road Championship (T.O.R.C), Schumacher British Touring Car Championship (BTCC), & Tamiya Eurocup

We will be hosting three major championship events over the summer. T.O.R.C. & B.T.C.C. are for standard electric touring cars, all classes. The Tamiya eurocup is for specific Tamiya models.

**Please note.** Just because you have only just started racing or feel you are not good enough does not mean you cannot enter these events. There will be plenty of new or inexperienced racers attending, and you can be sure of one of the best days racing you will have for a long time. The atmosphere is worth the race fee alone! There will be trophies to the top three in each final, plus trophies for fastest time of the day in each class. You will find entry forms for the B.T.C.C. & T.O.R.C in with this letter. You can pass the entry forms to Alan Willows at any club meeting for the T.O.R.C. Series, or Andy Wesson for the B.T.C.C. series. Please write "club member" on top of the form so we can pass you your conformation letter at a club meeting and save you having to include an S.A.E. Unfortunately we will not be able to accept entries without payment. You can if you wish, post date cheques for these events if that helps. Details of the Tamiya eurocup can be found on their website. ([www.tamiyaeurocup.co.uk](http://www.tamiyaeurocup.co.uk)) We don't have entry forms for this as Tamiya and not ourselves run this event. However, this series is worth entering as the winner in each class of the whole championship gets to represent their country in Japan, all paid for by Tamiya! What a prize!

**Please** come along and support these events. We hope to make each of these events the best within each series. With your support they will be.

**So get your entry forms in A.S.A.P. before all the spaces go!**

Thanks for taking the time to read this. Please continue to support our club and most of all, continue to enjoy your racing!

Now, put this letter down, pick up the entry forms for T.O.R.C and B.T.C.C., fill them in and put them in your pit box ready for the next club meeting along with a cheque or cash to pay for your entry. Do it now before it's too late!

Alan Willows. BMCC Vice Chairman, on behalf of BMCC committee.
